

## **Types d'adjectifs et fonctions adjectivales : quelques réflexions**

Adjective types and adjective functions: some reflections

Jan Goes

**Abstract:** Starting from the hypothesis that one adjective can qualify in three different ways (qualificative, relational and a “third type”) we try to prove that one and the same adjective has different degrees of predicativity depending on its attributive uses.

**Key words:** attributive adjective, predicative adjective, predication, types of adjectives, basic adjectives.
